

# GC

CEI No.	Model	Notes	Photo(s)
89	CE INSTRUMENTS Trace GC for gas analysis with valve oven	In working order	
08	FISONS GC 8340 with Split/splitless and packed injectors, TCD and FID detector	In working order	
09	FISONS HRGC MEGA2 Split/splitless, twin detector base bodies, single FID	In working order	
14	CE INSTRUMENTS GC 8560 Split/splitless and packed injectors, twin detector bases	Tested	

58 CE INSTRUMENTS  
GC 8560  
Capillary Split/Splitless  
injector, 2 detector  
base bodies, cold trap,  
electronic digital flow  
controller

Untested

59 FISIONS  
GC 8160  
Capillary Split/Splitless  
injector/Cold on  
column injector, FID,  
electronic digital flow  
control

In working order

91 CE INSTRUMENTS  
HRGC 5300 MEGA  
Split/splitless and Cold  
On Column, single  
FID/NPD and  
electrometer

In working order

107 FISIONS  
HRGC MEGA2  
Capillary Split/Splitless  
injector/Packed  
injector; 2 detector  
base bodies; automatic  
gas sampling valve

Tested

## GC Integrators

93 THERMO  
4400  
Computing Integrator In working order

94 SpectraPhysics DP  
800  
Integrator Unknown

105 SpectraPhysics  
SP4290  
Integrator In working order

## GC Autosamplers

---

12 CE INSTRUMENTS  
AS 800 Liquids  
Autosampler with  
Controller In working order

x

16 CE INSTRUMENTS  
HS 850 Headspace  
Autosampler In working order

63 Thermo Finnigan HS  
2000 Headspace  
Autosampler In working order

85 CE INSTRUMENTS  
AS 800 Liquids  
Autosampler with  
Controller In working order

99 CE INSTRUMENTS  
AS 800 Liquids  
Autosampler with  
Controller In working order

100 THERMO FINNIGAN  
AS 2000 Liquids  
Autosampler with  
Controller In working order

101 THERMO FINNIGAN  
AS 2000 Liquids  
Autosampler (left-  
handed mounting) with  
Controller In working order

102 CTC A200S Liquids  
Autosampler In working order

112 THERMO FINNIGAN  
AS 2000 Liquids  
Autosampler (left-  
handed mounting) with  
Controller In working order

113 CE INSTRUMENTS  
AS 800 Liquids  
Autosampler with  
Controller In working order

## OEA

CEI No.	Model		Photo
17	CE INSTRUMENTS EA 1108 with AS200LS Autosampler and PC Data System		 A photograph of a CE Instruments EA 1108 analyser. It is a large, grey, rectangular unit with a control panel on the right side featuring several gauges and a digital display. The unit is labeled 'CHNS-O' on the front.
111	THERMO TS 3000 Total Sulphur (UV-F) Analyser. Complete system with ThEuS Data System		 A photograph of a Thermo TS 3000 analyser. It is a large, dark blue and white unit with a control panel on the right side. The unit is labeled 'TS 3000' on the front.
